ABOUT THE HEALTHY MINDS COMMUNITY PROGRAMME

People can lose contact with their interests and communities for lots of reasons. We may become withdrawn because of discrimination, trauma, mental health issues or social exclusion. We may have been taught that we do not belong in our society or have survived a difficult time and are now ready to connect with life again.

The Healthy Minds Community Programme works to support local residents to reconnect with their interests and goals by engaging in meaningful activities. With the support of our team you can begin to reclaim ownership of your life by connecting with likeminded people and finding out what your local community has to offer you.

IS THIS PROGRAMME FOR ME?

We've been collaborating with local people and organisations in Camden to create an inclusive programme for everyone. If you live in Camden, are 18+ and are looking for a supportive environment to get involved in community activities or courses that are right for you, then yes, this programme is for you! Even if you're not sure what you want to do, need help with building your confidence or have felt quite isolated for a long time, we can support you to build positive connections with your local community.

WHAT'S ON OFFER?

This Programme is a growing collaboration of partners and participants brought together by Mind in Camden to create and shape exciting offers for their local community.

We offer: Access to activities and courses, supported groups sessions, 1:1 support and access to join our personal development group.

Access to Free Activities and Courses

Once signed up to the programme you will have full access to all activities in our programme free for up to a year. The programme is designed to be flexible which means you can mix and match activities and tailor your experience to your own interests.

All activities are space limited so you will need to book your space with the team in advance.

Coffee Mornings

Our coffee mornings run twice a month to provide participants an opportunity to check in with the team regarding goals, hear about upcoming activities and offers, meet other Healthy Minds participants and share learning and tools.

Our group happens on the 1st & 3rd Wednesday of every month, come along!

SUPPORT

Our activity-based well-being groups are the perfect place for you to come and engage with a new activity without the pressure of making those initial conversations. They are safe places where relationships occur organically. We never pressure you to participate in anything you do not want to, and if you've just turned up for the activity and are not looking to make friends, that's fine with us too. We want you to come as you are.

We will invite you for quarterly check-in meetings with one of our community engagement volunteers to ensure you get what you want from the programme. These check-in meetings will take place every three months and are an opportunity to discover what offers are coming up. If you have a goal or aim but are struggling to reach it, our volunteers can help you view things differently.

To make our spaces as open and accessible as possible, our community engagement volunteers will be on hand to welcome you. We train our volunteers in mental health awareness and trauma-informed practice, so you will always have support when attending one of our groups.

EDUCATION AND SKILLS BURSARY

We have partnered with WM College to offer some opportunities for financial support to people who would like to access a course at the WM College as part of their development. WM College offers a wide range of courses which could help you to progress into further education, volunteering, work or simply to expand your horizons. Please ask a member of staff if you are interested in the bursary.

A WORD ABOUT COVID-19

Covid-19 is still around, and we all have a duty of care to one another to keep each other safe. We recommend all our members, staff and volunteers do not attend any of our activities if they are feeling unwell.

While we endeavour to run everything in our programme, we cannot guarantee our in-person sessions will go ahead and they may have to be cancelled at short notice if facilitators or staff become unwell. We will only run our offers if we believe they are safe to do so. You will always be notified as soon as possible should we have to cancel anything.

"I thought the Healthy Minds Programme would help me to be less isolated, but what I really didn't expect is to make new friends. There is nothing nicer than turning up to activities and seeing familiar faces. It has been wonderful".

- Helen, Healthy Minds participant
